# Planning

- This story started with a phone call!
- Followed by a meeting
- Sailing on Saffira with Para Sailors
- Discussing the benefits a big boat would provide to Sailability Hong Kong Limited
- A film was made and a day out for Sailability Sailors of ALL abilities on COA boats – our introduction to those who support us and the message we provide to the community – accessibility and inclusivity in ALL we do!

# Our boats and operations

- As a charity, and the only one of its kind in Hong Kong, we need support to enable us to operate ALL our programmes
- We do not receive subvention from the Government and rely on private and corporate donors to do what we do
- We are very fortunate to be able to say that All our boats have been donated to us by various individuals, corporates, foundations and via funding applications MoHan was an amazing addition thanks to the Li Ka Shing Foundation and Operational Costs via the Solarista Club
- **Huge thanks to our many supporters**
